

# Safe. Efficient. And always Handy.

Put the Handy® Utility Ring Knife to work with your crew.

- The ultimate safe utility knife
- Alternative to utility straight blades
- Enhances safety of users and others
- Promotes efficiency and productivity
- Range of styles to fit your application
- 100's of hands free uses

Advantage!  
www.gsaadvantage.gov

In almost any instance where a standard utility knife would be used, HTK's safety knife can complete the job in a much safer and efficient manner without leaving employees vulnerable to potential hazards and injuries. We offer a range of blade styles to fit your needs, custom color choices and standard ring sizes 6 – 18.

Our patented blade design has provided quality, safety and convenience for generations. Learn more at [HandySafetyKnife.com](http://HandySafetyKnife.com)
